BENEFITS OF EQUIS COMPLETE PELLET AND CUBE

- **EQUIS COMPLETE is a viable noxious weed seed free product.** It can be used as the horse's complete diet when traveling in regulated areas. Introduce Equis Complete gradually and have viable noxious weed seed free feed as the horse's entire diet for at least 24 hours before entering regulated areas. Keep feed in original packaging.
- **Get MORE out of EQUIS COMPLETE.** Quality feed ingredients, chelated minerals, added vitamins, yeast products, yucca extract, and selenium yeast maximize utilization of the feed your horse consumes.
- **See the benefits of a quality fixed formula.** EQUIS formulas stay consistent every batch.
- **Enjoy the benefits of a nutritionally sound product at an affordable price.**
- Selenium, generally deficient in northwest soils, has been added in levels sufficient to supplement your horse's requirement. Selenium yeast, a highly available form of selenium, has been added to the new EQUIS formulas.

EQUIS COMPLETE INGREDIENTS

Alfalfa meal, wheat middlings, dried distillers grains, cane molasses, soybean hulls, calcium carbonate, salt, zinc amino acid complex, copper amino acid complex, selenium yeast, yeast culture, sodium selenite, zinc sulfate, basic copper chloride, ferrous sulfate, manganese sulfate, ethylenediamine dihydriodide, cobalt carbonate, mineral oil, vitamin A supplement, vitamin D3 supplement, vitamin E supplement, biotin, choline chloride, niacin supplement, vitamin B-12 supplement, calcium pantothenate, riboflavin supplement, natural and artificial flavors added, yucca schidigera extract, L-Lysine hydrochloride.

EQUIS COMPLETE PELLET AND CUBE FEEDING DIRECTIONS

Activity	Feeding Recommendation as a Percentage(%) of Body Weight	Pounds of Feed per 500 lbs of Body Weight
Maintenance	0.2 + Equis Ultramin*	1
Light Work	1.0-1.5	5-7.5
Moderate Work	1.5-1.7	7.5-8.5
Intense Work	1.7-2.0	8.5-10

*When feeding less than recommended feeding amount, add **EQUIS ULTRAMIN** to complete your horse's vitamin and mineral requirement (See Equis Ultramin tag for further recommendations).

- Feeding rates depend heavily on the quality of forage, activity level, age, breed, temperament, and special needs of each horse.
- Changes in feed type or rate should be made gradually.
- Feeding a minimum of 1% of body weight in roughage is highly recommended.
- Fresh, clean water should be available at all times.
- Feed horses regularly, preferably two or more times daily.
- Do not feed old, moldy, or insect infested feeds as they may cause illness, abortions, or death. Store in a cool, dry place.
